

**Master of Science in
Knowledge and Technology
Management**

Orientation Session

21 August 2026

THE HONG KONG
POLYTECHNIC UNIVERSITY
香港理工大學

Opening Minds • Shaping the Future
啟迪思維 • 成就未來

Programme Leader

> **Prof. Benny C.F. Cheung**

> **Chair Professor**

Department of Industrial and Systems Engineering
The Hong Kong Polytechnic University

**Programme Leader of Master of Science of Knowledge
and Technology Management Programme**

> **Contact information**

Room: EF634

Tel: 27667905

Email: Benny.Cheung@ipolyu.edu.hk

Programme Leader

> **Prof. Pai Zheng**

> **Associate Professor**

Department of Industrial and Systems Engineering
The Hong Kong Polytechnic University

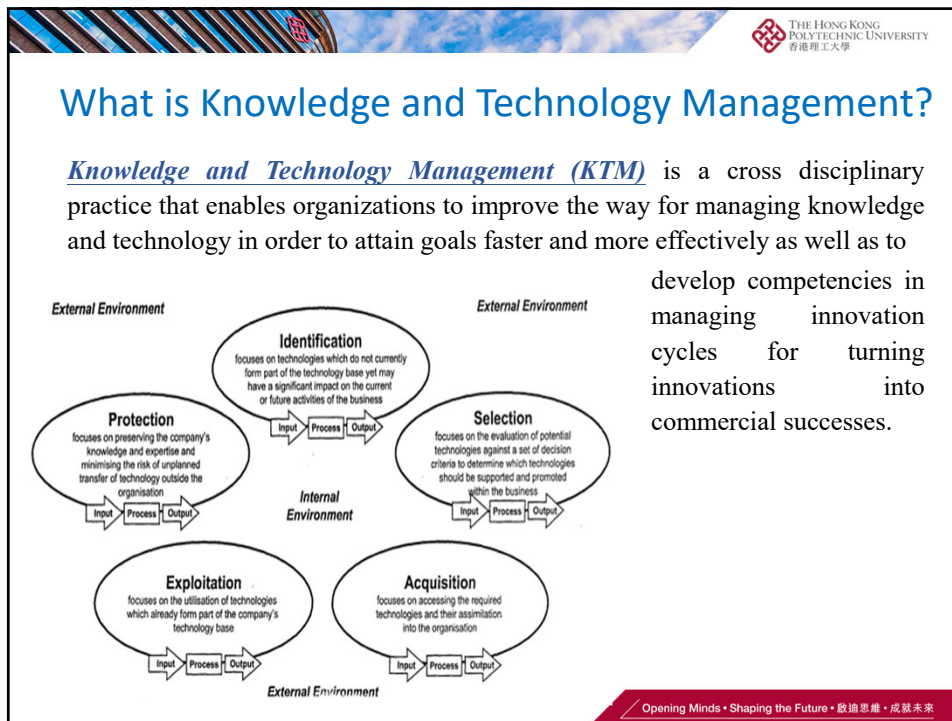

**Deputy Programme Leader of Master of Science of
Knowledge and Technology Management Programme**

> **Contact information**

Room: EF606

Tel: 2766 5633

Email: pai.zheng@ipolyu.edu.hk

KTM is appealing to organizations

- Engage in knowledge-intensive tasks (all industries)
- Increasing pace of technology development
- Derive and manage a lot of core knowledge from companies
- Sources of technology are diverse and international
- Increasing complexity of technology
- Having a geographically dispersed or mobile workforce that needs to engage in collaborative work
- Globalisation of product competition => how to structure R&D?
- Require collaborations managing knowledge across organizational boundaries
- Dilemma of shortening product lifecycles vs lengthening skill development timescales
- Impact of information technology
- Evolution of technical standards

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

Programme Structure

The award of MSc

1 TPg-AIE (Engineering) subject and
10 taught subjects
(4 Compulsory + at least 3 Core + at most 3 Elective subjects)

OR

1 TPg-AIE (Engineering) subject and
7 taught subjects + Dissertation
(4 Compulsory + at least 1 Core + at most 2 Elective subjects
plus a Dissertation)

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

Programme Curriculum

Get your Master of Science degree by fulfilling a combination from the following compulsory and core subjects and a wide range of electives.

Mandatory (1)

- EEE5T03 Engineering Ethics and Academic Integrity

Compulsory Subjects (4)

- ISE542 Managing Knowledge (E)
- ISE549 Management of Innovation and Technology (E)
- ISE5001 Technology Transfer and Commercialisation (B)
- ISE5601 Managing and Measuring Intellectual Capital (E)

(B) Block mode
(E) Evening mode

Core Subjects (at least 3)

- ISE518 Workflow Design and Management (E)
- ISE525 Global Operations and Logistics Management (E)
- ISE559 Technology Audit and Assessment (B)
- ISE5002 Field Study of Technology Organisations*
- ISE5021 Technology Project Management (E)
- ISE5606 Business Intelligence and Data Mining (E)

*** Students must take this subject if they do not opt for a dissertation.**

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

Programme Curriculum (Cont.)

Get your Master of Science degree by fulfilling a combination from the following compulsory and core subjects and a wide range of electives.

Elective Subjects (at most 3)

- ISE5022 Financial Decision Analysis for Technology Management (B/E)
- ISE5026 Technology Entrepreneurship and Innovation in Practice (E)
- ISE5312 Industrial Human-Robot Systems and Automation (E)
- ISE5323 Smart Product-Service Systems (E)
- ISE5332 Smart Manufacturing Operation Management (E)
- ISE5333 Industrial Blockchain and Applications (E)
- AAE5105 – Fleet Management and Aviation Sustainability (E)
- AAE5112 – Airport Operations and Management (E)
- AAE5301 – Service Design and Fleet Management for Low-Altitude Economy (E)
- LGT5007 Shipping Economics and Markets (E)
- LTG5015 Supply Chain Management (E)
- LGT5105 Management Operations Systems (E)
- MM5112 Organisation and Management (E)

(B) Block mode
(E) Evening mode

		+ 1 Core Subject	+ 1 Core Subject + Dissertation
Year 2	Semester 1	1 Core Subject + 2 Core/Elective Subjects	2 Core/Elective Subjects + Dissertation
	Semester 2	<i>ISE5002 Field Study of Technology Organisations</i> + 1 Core/Elective Subject	Dissertation

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

EEE5T03 Engineering Ethics and Academic Integrity

**** A mandatory requirement for graduation ****

To help students understand the importance of academic honesty and learn ways to ensure that their work and behaviour at PolyU are acceptable in this regard, students will be required to complete this subject in their first semester of studies. Students without completing it successfully will not be considered for graduation.

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

Understanding China and the Hong Kong Special Administrative Region, P.R.C.

**** A mandatory requirement for graduation ****

For students to gain some understanding of China and the Hong Kong Special Administrative Region, including modern Chinese history, restoration of Hong Kong to the People's Republic of China in 1997, Hong Kong Basic Law, and Hong Kong National Security Law.

Students requires to take the 3-hour e-learning module in their first year of studies via LEARN@PolyU (理學網), and to pass an assessment which allows multiple attempts. Attainment of a "Pass" is a graduation requirement.

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

Typical Time table of block mode subjects

Date/Time	09:30 am - 12:30 am	12:30 am - 1:30 pm	1:30 pm - 4:30 pm	4:30 pm - 4:45 pm	4:45 pm - 6:30pm
Day 1 (Sat)					
Day 2 (Sun)					
(5 days)					
Day 3 (Sat.)					
Day 4 (Sun)					
(1 month)					
Day 5 (Sat.)

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

Dissertation

- The dissertation carries a weight equivalent to 3 taught subjects. The subject of the dissertation will preferably be related to the students' employment.
- The normal period of completion of a dissertation is 3 semesters.
- Students are encouraged to initiate dissertation topics relating to their employment. However, students may take up campus based dissertations in cases of difficulty.

(Details can be found in **Section 3** of the “**Postgraduate Scheme in Industrial and Systems Engineering Handbook**”)

EXAMINATION AND ASSESSMENT

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

THE HONG KONG
POLYTECHNIC UNIVERSITY
香港理工大學

Assessment of Academic Subjects

The Grade Point Average (GPA) System

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

The Grade Point System

Grade	Grade Point	Short Description
A+	4.3	Excellent
A	4.0	
A-	3.7	
B+	3.3	Good
B	3.0	
B-	2.7	
C+	2.3	Satisfactory
C	2.0	
C-	1.7	
D+	1.3	Pass
D	1.0	
F	0.0	Fail

'F' is a subject failure grade, whilst all others ('D' to 'A+') are subject passing grades.
No credit will be earned if a subject is failed.

Add/Drop of Subjects

Students may change their subject choices during the add/drop period.

The add/drop period for the academic year of 2026/27 will start:

2026/27

Semester 1: 31 Aug – 12 Sep 2026

Semester 2: 11 Jan – 23 Jan 2027

(Please refer to Student Handbook for details.)

Withdrawal of Subject

- You are not allowed to drop subjects after the add/drop period.
- If you wish to drop the subject after add/drop period, you should submit a written request to the department for subject withdrawal **before the commencement of examination period**.
- For approved cases, a subject handling fee will be charged and the tuition fees paid for the withdrawn subject will be forfeited.

(Please refer to Student Handbook for details.)

Academic Probation System

- When a student has a GPA below 1.7, he/she will be put on academic probation in the following semester.
- Once when a student is able to pull his/her GPA up to 1.7 or above at the end of the probation semester, the status of 'academic probation' will be lifted.
- To help improve the academic performance of students on academic probation, these students will be required to take a reduced study load. The maximum number of credits to be taken by the students varies accordingly to the policies of individual Departments and will be subjected to the approval of the authorities concerned.

Conditions for Deregistration

The followings may serve as grounds for de-registration of students:

- (i) The student has exceeded the normal period of registration for that programme as specified in the handbook, unless approval has been given for extension; or
- (ii) The student's Grade Point Average is lower than 1.7 for two consecutive semesters and his/her Semester GPA in the 2nd semester is below 1.7; or
- (iii) The student's Grade Point Average is lower than 1.7 for three consecutive semesters .

When a student falls within the categories as stipulated above, the Board of Examiners shall de-register the student from the programme without exception.

If the student is not satisfied with the de-registration decision of the Board of Examiners, he/she can lodge an appeal. All such appeal cases will be referred directly to Academic Appeals Committee (AAC) for final decision. Views of Department will be sought and made available to AAC for reference.

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

Award Classification

Award	Guidelines for the awards
Distinction	The student's performance/attainment is outstanding , and identifies him/her as exceptionally able in the field covered by the course.
Credit	The student has reached a standard of performance which is more than satisfactory but less than outstanding .
Pass	The student has reached a standard of performance/ attainment ranging from just adequate to just satisfactory .

Students who have committed **academic dishonesty** will be subjected to the penalty of the **lowering of award classification** by one level. The minimum of downgraded overall result will be kept at a Pass. In rare circumstances where both the Student Discipline Committee and Board of Examiners of a Department consider that there are strong justifications shown the offence be less serious, the requirement for lowering the award classification can be waived.

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

Appeal Against Assessment Results

Students can make appeal in writing to the Head of Department within **One Calendar Week** upon the public announcement of overall examination results. A fee of HK\$125 shall be charged for each case.

(Please refer to Student Handbook for details.)

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

Communications / Feedback of Students

- Student-Staff Consultation Meeting
 - *Normally held around mid of every semester*
- Student Feedback Questionnaire (eSFQ)
 - *Conduct during the last 2 weeks of the semester*
 - *Evaluate both the subject and the teaching staff*
- Class Representatives
- Email

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

Some points to note:

- Any problems related to group work (e.g. group projects, group workshop assignment, etc) with other students should be communicated with the Subject Coordinators as soon as anticipated.
- If the student faces any difficulties during their study, it is highly encouraged to contact the subject lecturers concerned for subject matters or the programme leader for programme issues.
- As some subjects are offered in block mode, absence in any day(s) or session(s) of the class may adversely affect the subject results and the entitlement for CEF reimbursement.
- Plagiarism is strictly prohibited.

Opening Minds • Shaping the Future • 啟迪思維 • 成就未來

Attention - moral and ethical integrity

Forgery is a criminal offence in Hong Kong that can result in imprisonment. Alleged forgery cases may be referred to Student Disciplinary Committee. Disciplinary actions, depending on the seriousness of the case, will be taken against students found guilty of such offence.

The University will reserve the right to report such cases to the police.
